

## Information on diploma consultations, acad. year 23/24

On **11 March 2024** registration for diploma consultations will start through the USOS system following a list available in the system.

You should choose the consultant as agreed with the thesis supervisor and register for consultations in the USOS system by **18 March 2024**.

By **25 March 2024**, the consultants will publish information on the dates and form of their diploma consultations.

Diploma consultations (each one of three) should start by **30 April 2024** (starting the consultations is the first meeting with the consultant). Failure to meet this deadline means postponing the possibility of submission of the diploma for the defence for the retake examination period.

Consultations should end before the holidays **by 15 July 2024** (during the holidays consultants do not run consultations).

Please remember that the last consultation and passing the consultations should take place at least **14 days** before the submission of the diploma. If this deadline is not met, the thesis will not be accepted for the defence.
